

NHS Knowledge and Library Services can give you access to the most up to date and trusted evidence and information in healthcare today, enabling high quality decision making, learning and development, research and innovation to achieve health improvement across England, locally, regionally and nationally.

### NHS OpenAthens

Before you start, you need an NHS OpenAthens account to take full advantage of all these tools and resources.

If you have forgotten your login or need an account [register now!](#) Or watch our guide on how to register.

### Finding information in one place

The [NHS Knowledge and Library Hub](#) has thousands of journals, e-books, guidelines, medical databases, clinical decision support tools and providing up to date, trusted evidence and information – all online and in one place. Resources include:

NICE [Clinical Knowledge Summaries](#) over 370 topics covered in accessible summaries particularly geared towards primary care practitioners.

[Maudsley Prescribing Guidelines](#) is the essential evidence-based prescribing guidelines on the safe and effective prescribing of psychotropic agents.

[Royal Marsden Manual of Clinical Nursing Procedures](#) the 'gold standard' for nursing with 350 evidence-based clinical procedures related to every aspect of care.

All these resources are NHS funded so free to staff and trainees in England. [Start your search](#), read the [FAQs](#) for help or watch our [short YouTube guide](#).

### Tools and support at your fingertips

#### [BMJ Best Practice](#)

The national clinical decision support tool is available on desktop or app, drawing on the latest evidence-based research with step-by-step guidance on diagnosis, prognosis, treatment and prevention.

#### [OUP handbooks and textbooks](#)

**All NHS staff and students on placement have access to over 130 Oxford Medicine e-books, including over 15 titles for GP and practice teams such as:**

- Emergencies in Primary Care
- Oxford Handbook of Clinical Diagnosis
- Oxford Handbook of General Practice
- Oxford Handbook of Primary Care and Community Nursing
- Oxford Textbook of Community Mental Health
- Oxford Textbook of Medicine

## Direct benefit to you and your patients

61% of people struggle to understand health information in words and numbers. [Our 30 minute e-learning course](#) has simple tools for staff.

To address health inequalities, we need to focus on improving health literacy, digital literacy and digital access. Our [online tool](#) gives place-based geodata to identify levels of health literacy and digital access in your area.

Our co-produced, [easy read guides](#) can be downloaded for people with learning disabilities and autism, to navigate healthcare.

Share online resources to help staff wellbeing in our [Uplifting Resources](#) or in [Your Health Collection](#) we have online resources for practice teams to help patients with general health and wellbeing.

The [NHS Knowledge Mobilisation Framework E-Learning](#) and [postcards](#) present 13 simple techniques you can use to learn before, during and after everything you do so good practice can be replicated and pitfalls avoided.

## Practice Managers

This is for your whole practice team and community-based services – such as MSK, Social Prescribing or midwifery, and specialist clinics, like vaccinations, diabetes, menopause or weight management. Staff can find the latest information and evidence at their fingertips using these NHS Knowledge and Library Services.

## Help with searching for the right information

If you're new to literature searching, or need a refresher, why not try this e-learning course: [How to search the literature effectively](#).

## E-books and journals

You have direct access to thousands of Primary Care journals via [BrowZine library](#). For your general professional and personal development various ebooks on [Kortext](#). Sign in through your institution, pick NHS in England and use your NHS OpenAthens account to log in.

[Download LibKey Nomad](#) to link to full text articles when searching the web. Select 'Primary Care in England' as your organisation.

## Local NHS support

Depending on which area of the country your practice is in, you may have access to a local NHS knowledge and library service, including embedded Primary Care Knowledge Specialists supporting your Training Hubs.

[Click here to find your local knowledge and library service](#)

## For more information

There is a lot more information and detail on [Primary Care](#) and a page just for Primary Care.

- Get answers to your questions
- Get trusted evidence to support your practice
- Get reassurance for you decisions
- Find information to support your professional development
