Health and Care Partnership

## Webinar invitation to all interested in Practice Based Learning for health and social care students

# SLICE – LD

Wednesday 24th May @ 13:00 – 14:00

### What is in it for you?

HNY LEAP are launching **SLICE (Student Led Integrated Care Environment) – Learning Disability**

In this session Gemma and Debbie will reflect on the experience of implementing a model of supervision which aims to expand practice for 3rd year Learning Disability (LD) student nurses by delivering Annual Health Checks in primary care.

The main aims were to

- Increase confidence, and self-efficacy in preparing students and practice assessors for utilising a long arm approach to supervision
- Create autonomous practice
- Integrate the scope of LD specialism within primary care.
