

# CALLING ALL MID-CAREER GPs!

## FREE CPD EVENT TO INSPIRE AND REINVIGORATE YOUR CAREER ITS TIME TO RECAPTURE GENERAL PRACTICE FOR OURSELVES!

26<sup>TH</sup> JANUARY 2023 | 1-4PM | FREE TO ATTEND

CPD events and GP fellowship programs often target at First5 or Last5 GPs, but what about the 30 years in between?

We are an experienced team of clinical educators seeking to prioritise those GPs who are mid-career and facing significant challenges in their daily practice. Worried about the current state of primary care? Want to change things but unsure how? Or considering leaving practice altogether? This is the afternoon for you.

Our session will:

- 1) Help you as a clinician to identify local challenges that need addressing
- 2) Help you as an individual to reflect on personal challenges that you face in your career
- 3) Help your practice by challenging you and them to do things differently

If you are interested in registering, please email [james.bennett2@hyms.ac.uk](mailto:james.bennett2@hyms.ac.uk)
