IMMUNISATIONS AND VACCINATIONS

TRAVEL HEALTH

£150

- Full day - Practice Nurses or Nurse Associates new to primary care or those Nurses who wish to expand their knowledge in Travel Health.
- This interactive session will provide an introduction to Travel Health, including effective risk assessments, the application of evidence-based practice and vaccine-preventable diseases. This course will provide an overview of NHS and private travel vaccines and their associated schedules, with a focus on the UK schedule and catch-up programmes relevant to current outbreaks. Throughout the session, learners will gain an understanding of Yellow Fever and associated certificate requirements under International Health Regulations, Malaria and Malaria Prophylaxis and insect bite transmitted diseases. The course aims to provide Nurses and/or Nurse Associates with the knowledge to effectively undertake travel risk assessments for patients and manage complex situations with application of guidance.

TERMS & CONDITIONS

BOOKING PROCEDURE

You can request a place on any course by emailing training@haxbygroup.co.uk

Places will be available on a first-come first-served basis. Once we have verified availability and booked your place we will send you an invoice. **Pre-payment in full is required for all courses.**

CANCELLATIONS

If you notify us more than 14 days before the course date you will receive a full refund. Refunds for cancellations with less than 14 days notice shall be at our discretion. Failure to attend without any notice will be non-refundable. A substitute attendee may be nominated without charge.

Where circumstances dictate, Haxby Group reserves the right to alter published programs. In the event of a course being cancelled an alternative date will be offered where possible or a full refund of the course fee will be made. No compensation will be paid for any additional costs incurred.

COURSE CONTENT

Copyright of all learning materials and training booklets belongs to Haxby Group and these are supplied on the condition that they must not be copied or transferred to any other party.

ABOUT US

Haxby Group is a high-quality, community-based healthcare organisation, with general practice at its heart. Serving more than 92,000 patients, Haxby Group delivers patient care from 11 GP surgeries across York, Hull and Scarborough. Education is at the heart of Haxby Group and a learning culture has always been central to our multi-professional team.

Haxby Group Training coordinates the development and delivery of training activities and courses. We can also offer business consultancy around general practice organisation and at-scale delivery, sharing the experience of our dedicated directors and partners.

As hosts of the Primary Care Workforce and Training Hub in Humber and North Yorkshire we also provide training support and facilitate funding access, available to all practices across the region. We coordinate local schemes on behalf of Health Education England and NHS England, supporting with students, trainees and workforce development – to find out more about the Training Hub visit:

<https://yhtraininghubs.co.uk/humber-north-yorkshire/> or contact hnyicb.traininghub@nhs.net
